In the workshop you will learn to reproduce everything from small rusty details on accessories or elements in a diorama or vehicle to complete painting processes on destroyed or abandoned vehicles, using mixed techniques and learning to control the use of products, from washes, filters, mapping, auxiliary products, pigments, etc..

Students should prepare:

A model that fits with these concepts, already primed with a dark brown tone, chipping medium type auxiliaries, and Airbrush thinner, as well as brushes and an airbrush and compressor if possible. Don't forget to include brown, orange, or orange tones in your paintings. well a commercial rust set

The SMC organizers will provide some small materials and disposables, like water cups, paper towels, etc.

We provide power strips **but we do not provide desk lamps or extension cords**. Please bring your own, and remember that we have Euro plugs and 230V. Check if your electronic devices require a plug adapter.

(Optional) For those travelling to the seminar by air, we can provide a compressor and a hose with connector, but we have to charge a deposit of €20 to be paid at the workshop on October 18, in cash. After you return the connector, you will be refunded € 20 in cash.
